

Resources for St. Louis City Older Adults

Twenty-five organizations receive multi-year funding from St. Louis City Senior Fund to support services that fall under priority focus areas identified by the Senior Fund's Board of Directors: Housing, Economic Security, Homemaker Chore Services, Oral Health, and Social Isolation & Loneliness. Senior Fund's revenue comes from a portion of St. Louis City property taxes; this revenue is used to help support nonprofits and government entities who provide programs and services. Services supported by Senior Fund are free—or offered on a sliding scale—for St. Louis City residents 60 years or older. Many organizations listed have additional resources for older adults—*some may have waiting lists for their services*—contact them for more information.
